

WILSON ATTACKS LODGE RESOLUTION

CITY OVER \$4,000 MARK IN THIRD ROLL CALL

APPEALS TO SENATE TO DEFEAT PLAN OF MASSACHUSETTS MAN

President's Letter to Senator Hitchcock, of Nebraska, Declares Resolution of Ratification is Nullification of Peace Treaty—Democrats Plan to Introduce Substitute Measure.

WASHINGTON, Nov. 19.—President Wilson today, in a letter to Senator Hitchcock, of Nebraska, urged the senate to vote against the Lodge resolution of ratification.

The president declared the Lodge resolution was a nullification of the treaty.

"The door will be open" for actual ratification of the treaty after the defeat of the Lodge resolution, the president's letter declared.

Senator Hitchcock read the letter from the president to a conference of Democratic senators.

Letter From President

The president's letter follows:

"My dear senator:

"You were good enough to bring me word that the Democratic senators supporting the treaty expected to hold a conference before the final vote on the Lodge resolution of ratification and that they would be glad to receive a word of counsel from me.

"I should hesitate to offer it in any detail but I assume that the senators only desire my judgment upon the all important question of the final vote on the resolution containing the many reservations by Senator Lodge. On that I cannot hesitate, for in my opinion the resolution in that form does not provide for ratification, but rather for the nullification of the treaty. I sincerely hope that the friends and supporters of the treaty will vote against the Lodge resolution of ratification.

"I understand that the door probably will then be open for a genuine resolution of ratification.

"I trust that all true friends of the treaty will refuse to support the Lodge resolution.

"Cordially and sincerely yours,
WOODROW WILSON, President.

"To G. M. Hitchcock,
United States Senator."

Appeal May Be Ignored

The Democratic senators, after hearing the president's letter, remained in secret session to plan their course according to the wishes of the chief executive. It is understood that Senator Hitchcock will follow his proposed course of offering a substitute resolution of ratification immediately after the defeat of the Lodge resolution, if it is defeated, and that if the substitute resolution should be defeated, that further resolutions will be introduced until a compromise can be reached. Should all efforts to get a resolution of ratification fail, then the president will "pocket" the treaty until such a time as he believes the treaty can get favorable action.

At the white house it was stated that the administration has taken a stand against the Lodge resolution because it would mean delay in peace. It was stated that the administration has information that the allied nations would refuse to accept the United States into membership in the league of nations under the Lodge resolution.

Without the reservations adopted by a majority of the senate the treaty will not be ratified, was the prediction of Senator Lodge, of Massachusetts, Republican leader, after he read the president's letter.

Lodge's statement was as follows:

"The senate has equal power and responsibility with the president in the making of treaties. They will not in my opinion, obey the order of the president, who undertakes to command the senate to ratify the treaty without the reservations adopted by a large majority of the senate, which Americanize it and make it safe for the United States. What the president demands will not, in my opinion, be done."

BANDIT DINES, ROBS GUESTS

Draws Revolver In Elyria Hotel When Check Is Presented.

ELYRIA, Nov. 19.—After eating an unusually hearty breakfast in the dining room of the Tophitt hotel here today, a bandit drew a revolver when his check was presented by the waiter and ordered the other guests to line up against the wall.

He relieved them of their valuables, getting cash amounting to nearly \$100 and fled. He had an automobile outside the hotel and made his getaway in it.

Police in surrounding cities have been asked to watch for the bandit who started in the direction of Cleveland.

To Visit Texas Oil Field.

T. L. Kaufman of Avondale street left Tuesday for Fort Worth, Texas, where he will look over a number of oil leases held by the Burkhart Oil & Leasing company, who he is representing. Mr. Kaufman will return home in about ten days or two weeks.

PUBLIC MUST BE PROTECTED, ULTIMATUM IN MINE DISPUTE

Fuel Administrator Garfield Warns Coal Miners and Operators.

URGES SPEEDY AGREEMENT

Declines to Comment on Income Tax as One of Mining Costs.

WASHINGTON, Nov. 19.—"The public must be protected"—was the ultimatum laid down today to the coal miners and the operators by Dr. Harry A. Garfield, federal fuel administrator.

Dr. Garfield declared that the negotiations between the operators and the miners here have virtually resolved into an effort to determine how much the public will stand for in the way of increased prices of coal. He gave warning that this must stop and that both parties must come to a speedy agreement.

Dr. Garfield pointed out that whether the miners are granted an increase or not he is not in a position to say whether the federal income tax should be counted in as one of the costs of mining coal.

If the income tax and excess profits tax are to be counted in as part of the gross production and wage increases, he intimated that the increases to the miners must either absorb federal taxes or the advance passed on to the consuming public. He did not express an opinion as to the most feasible plan.

"I was not invited here by either side," said Dr. Garfield in addressing the joint conference of miners and operators. "I came as fuel administrator to discuss the situation."

"The subject which you are considering involves vitally both the coal industry and the public."

"The public is a partner in the coal industry. It used to be thought that the mining industry could take care of itself if left alone. We have come to realize now that the public is paramount and the coal operators and miners are a small minority."

"I have no disposition to express a threat, but I call your attention to the fact that the people of the United States will not consent to pay a price that is excessive. They will not consent to be deprived of this necessary commodity. They will have coal and will not be prevented from having it by anything the operators and mine workers may do."

Dr. Garfield at this stage of his speech urged that his recommendation of a year ago for a permanent conference composed of representatives of the government, the operators and the miners be established to sit in Washington.

"That conference would not handle the present situation," he said. "An operation is now necessary and we

TURKEY PRICES MAY BE HIGH

Dealers Uncertain as to Cost of Thanksgiving Birds.

With Thanksgiving day a little more than a week distant, East Liverpool poultry dealers are reticent in quoting the probable price of turkeys this year.

No late quotations on the "king bird" have reached this city, dealers assert. The size of the market and the demand for turkeys will play an important role this year in establishing the retail price to be asked, they say.

The Ohio river is expected to figure prominently in the supply of turkeys along the upper Ohio valley this year. The steamer General Wood of the Liberty Transis company's fleet, arrived here Monday night enroute to Pittsburgh. It will return to Longbottom at once and is expected to bring back the first real cargo of turkeys shipped on the Ohio for the Thanksgiving season.

SPEAKER AT ELKS' BANQUET THURSDAY

MAJ. GEN. EDWIN F. GLENN

LOCAL TEACHER TO WED SOON

Miss Gladys Campbell Tenders Resignation to Supt. Geiger.

Another East Liverpool elementary school teacher is deserting the profession to embark on the sea of matrimony, Supt. of Schools F. P. Geiger announced Wednesday.

Miss Gladys Campbell, teacher of the Fourth grade, McKinley building, has tendered her resignation to Supt. Geiger to become effective Friday, the end of the November school month. Her marriage to Frank Lunsford, son of H. M. Lunsford, Chester avenue, will be solemnized during the Thanksgiving holidays.

Miss Campbell, a daughter of Mr. and Mrs. S. H. Campbell, Avondale street, has been teaching in the local schools since the completion of her high school course here in 1914. She will be succeeded at the McKinley school by Miss Helen Eldredge.

TO ARGUE CHANGE OF VENUE MOTION THURSDAY

Motion for a change of venue in the case of Herman B. Feustel, this city, under indictment for embezzling Empire Investment company funds, will be heard before Common Pleas Judge J. G. Moore, in Lisbon, Thursday morning.

Counsel for Feustel asked to have the trial of their client transferred to an adjoining county, declaring that prejudice in this county would prevent an unbiased disposition of the case. Hearing on the motion was originally set for Monday of this week but was postponed.

M. E. CHURCH TO HONOR RETURNED SERVICE MEN

The congregation of the First Methodist Episcopal church will honor the returned soldier members at a banquet to be served in the church Thursday evening.

Members of Mrs. Arthur Savage's class and Miss Florence Updegraff's class of the Sunday school will assist in serving the banquet.

An interesting program has been prepared for the evening.

WHITE HOUSE RACE TO OPEN SHORTLY AFTER FIRST OF YEAR

Candidates Must Come Out In Open Within Next Six Weeks.

PRIMARIES SCHEDULED

North Dakota Will Be First State to Hold Direct Vote.

By DAVID M. CHURCH

WASHINGTON, Nov. 19.—Six weeks from today the presidential race will be on.

Candidates for the White house must come out into the open by that date and announce their intentions if they desire to compete for the 10 delegates from South Dakota.

Presidential candidates must file their petitions in South Dakota within six weeks or lose their right to participate in the primaries in that state.

The first state presidential primary is in New Hampshire on March 9 and while there is no direct vote for presidential candidates, delegates may file statements of preference.

North Dakota will be the first state to hold a direct vote for presidential candidates when the primary is held in that state on March 16. On March 23 the South Dakota primaries will be held.

On April 5 and 6 primaries are to be held in Michigan, New York and Wisconsin. In New York delegates will be selected, but no preference is indicated in the ballot. Later in April primaries will be held in Illinois, Nebraska, Montana, Massachusetts, New Jersey and Ohio.

May will see primary elections in Maryland, California, Indiana, Wyoming, Pennsylvania, Vermont, Oregon, Texas and West Virginia.

The race will be well out in the open when the Florida primary is held on June 8, the last primary with a fixed date.

In many states the state committees of the various parties are authorized to fix the date when the delegates to the conventions to the conventions are chosen because no preferential presidential primaries are provided for.

A general presidential primary throughout the country had been expected by 1920 by some political leaders, but this was prohibited by constitutional provision, it being necessary for the 48 states to approve such legislation. Thus far 21 states have made provisions for the popular selection of presidential nominees. A majority of the states, however, still

SCHOOLS CLOSE NOVEMBER 26

Two-day Vacation for Thanksgiving-Xmas Holidays Also Announced.

Pupils of the East Liverpool public schools will enjoy a half week's vacation during hanksgiving this year, Supt. of Schools F. P. Geiger announced Wednesday.

Schools will be dismissed at the usual hour Wednesday afternoon, November 26 to resume again the following Monday morning, December 1st. The annual Christmas vacation will be in Friday, December 19th and continue until Monday, January 5.

There will be no special programs in the schools in observance of either Thanksgiving or Christmas. Teachers have been instructed, however, to incorporate timely subjects in their regular English classes. There will be a public literary day in the public school Friday, February 20. Special programs of a patriotic nature will be held in every elementary grade and in the high school. Members of the G. A. R. will be invited to deliver addresses in the various rooms at that time.

ELECTED HEAD OF ENGLISH PILGRIMS

Lord Desborough, a recent portrait, was elected the chairmanship of the executive committee of the English Pilgrims, succeeding Sir Harry Brittain, founder of the society. Lord Desborough is well known in the U. S., visiting here several times. He has hunted grizzlies in the Rockies and is credited with having swum the Niagara river just above the falls.

WILL READJUST HEALTH BUDGET

Advisory Committee of County Board Meets Wednesday.

Re-adjustment of the proposed budget to finance the new Columbiana county health board for the first six months of 1920 when the Hughes health act becomes operative will be considered at a meeting of the county advisory committee Wednesday at Lisbon.

Call for the meeting was issued by Walter Armstrong, of Lisbon, secretary of the board. Mayor J. S. Wilson, of this city, is chairman of the committee.

Protest against the provisions of the new Hughes health act is already being voiced by county officials throughout the state. In order to carry out the re-organization plan provided in the law, alleged excessive appropriations must be provided, it is said.

Carroll county officials recently sought advice of State Auditor Donahy following the action of the advisory committee in rejecting the new health budget. Auditor Donahy wrote in reply:

"Your county is not the only one that is being depleted. All that we can advise you to do is to follow the law, but should your board or the officers refuse to carry out the provisions of the law they would be subject to an action in mandamus to compel them to do so. My private opinion is that the law is unconstitutional and vicious in the extreme. I have always stood for a sensible, intelligent law that would protect the health of the people in this state, but to enact a statute granting such broad powers to an appointive board is in my opinion dangerous."

PRIVATE DETECTIVE SHOT BY PATROLMAN

CHICAGO, Nov. 19.—C. T. Perkins, private detective, is dead today and his "running mate," M. J. Barry, is in a local hospital seriously wounded, as a result of a gun battle with Louis Hauck, patrolman in Glencoe, a Chicago suburb, last night, precipitated when Hauck mistook the private detectives for burglars.

LOWER HOUSE OF CONGRESS QUITS WORK

BREAK RECORD MADE DURING SECOND DRIVE FOR MEMBERS

Receipts from Senior Memberships Here Total \$3,000.75.

JUNIORS HIT \$1,046.25

Ten Public and Parochial School Buildings Enroll 100 Per Cent.

Total receipts from Senior and Junior memberships in East Liverpool's Third Red Cross Roll Call drive exceeded the \$4,000 mark, according to final tabulations made public Wednesday.

Combined Junior and Senior membership fees totalled \$4,046.25 while the total receipts from Senior memberships alone reached \$3,000.75. Complete reports of the second roll call drive ending February 11, 1918, showed a total of \$3,884.35 for both Junior and Senior memberships.

Ten public and parochial school buildings enrolled 100 percent in the Junior Red Cross, according to incomplete returns compiled Wednesday by Miss Mary Louise Pike, chairman of the schools committee. These were the parochial building, Grant street, Horace Mann, Garfield, Lincoln, McKinley, Neville, Third street and Washington.

A total of 4343 Junior Red Cross members were enrolled in the schools, subscribing \$1,046.35. One hundred and one rooms out of the 137 rooms included in Miss Pike's report, reported 100 per cent memberships.

Here is the enrollment in the various buildings:

Central, 582; Dixonville, 33; Forest Grove, 20; Gardendale, 21; Garfield, 337; Grant, 289; High school, 590; Horace Mann, 324; Klondyke, 141; Lincoln 297; McKinley, 265; Maplewood, 123; Neville, 250; Parochial, 283; Pleasant

MAKE REPORT OF MERCYWORK

Red Cross Chapter Has Expended \$50,781.12 In East Liverpool.

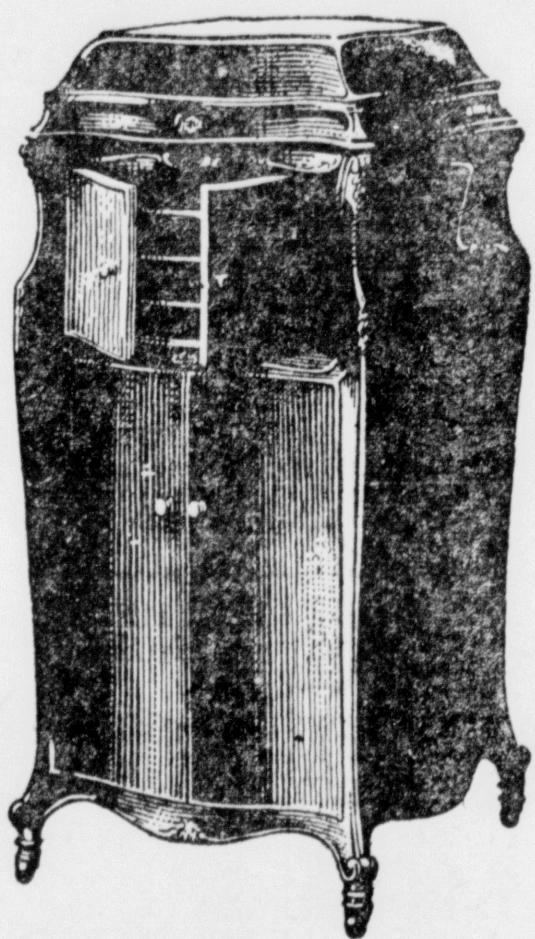

That the average East Liverpool resident is not even now fully cognizant of the wonderful work performed by the East Liverpool chapter of the American Red Cross during the world war was reiterated Tuesday night at the annual chapter meeting of the organization at the Y. M. C. A.

Since the establishment of the chapter here, a total of \$108,543.51 has been handled by W. E. Dunlap, treasurer of the chapter. This amount represents funds derived from all sources and includes the receipts of the three Red Cross Roll Call drives. Of this total, \$62,098.89 was devoted to the use of the local chapter, of which \$50,781.12 was expended here, leaving a balance on hand of \$11,317.77.

Reports of the activities of the auxiliary organizations of the chapter were submitted by the heads of the respective subsidiaries Tuesday night.

The old executive committee was re-elected without alteration. Personnel of the committee includes Miss Florence Undergraff, Mrs. H. McHenry, and Miss Edna Simms, Leon Rubin, A. L. White, J. S. Hilbert, D. M. Oellvie, H. N. Harker, J. M. Manor, C. C. Ashbaugh, John W. Moore and Edward Menge. Three new members were added to the committee Tuesday night. They are Mrs. C. A. Ferguson, Mrs. Chris Metch, and Mrs. L. A. Thompson. This committee will convene within a few days to elect officers for the ensuing year.

In addition to a wealth of supplies made in the sewing room and surgical dressings department, nearly 10,000 pounds of clothing for use of war sufferers were collected here and shipped to Lake Division headquarters in Cleveland.

COUNTY NEWS

FORMER LISBON PASTOR DEAD

Rev. Dustin Kemble, former pastor of the Methodist church in Lisbon, died Monday at his home in Cortland, Ohio, after a brief illness. Mr. Kemble left Lisbon two years ago, having served as pastor two years. The news of his death was received through a telephone message to Mrs. May Marquis Tuesday afternoon.

Rev. Kemble was born in Elkrun township, this county, 65 years ago, but moved with his parents from the county when quite young. He had been a minister in the conference for over 30 years. He is survived by three sons, Edward, who is an instructor at Harvard university; Thomas, chief engineer of the Curtis Aeroplane company; and Arthur, a student at Ann Arbor university.

The funeral was held Wednesday morning. Mrs. Ariel Hart and Raymond Hart, north of Lisbon, attended the funeral. Rev. Kemble was a relative of William Kemble of Lisbon.

To Attend Whist Congress. Frank R. Galley, C. C. Connell, R. W. Firestone and Dr. J. F. Steele will leave for Cleveland Thursday to attend the Ohio Whist congress which meets for a three-day session at the Hotel Statler.

Husband Sues Divorced Wife. The case of James W. Phillips against Mary E. Phillips, his divorced

wife, was on trial before Judge Charles F. Close Wednesday. This is an action growing out of the settlement of affairs after their separation. The wife was given a farm near New Waterford as a part of her alimony, but certain of the personal property was to go to the husband. He was to pick the apples and do other work, but the wife was to pay him. When he presented his bill, Mrs. Phillips refused to pay and he brought suit. She then filed a cross petition and claimed that he took away a lot of property to which he was not entitled.

To Undergo Operation. John Bradley, Lisbon high school boy, was taken to the Salem hospital Wednesday morning for an operation for appendicitis. He was taken ill quite suddenly. He is a son of John Bradley of Pritchard avenue.

Suffering From Pneumonia. Mrs. Lou Ward, of Lisbon, is ill with pneumonia and a trained nurse from Cleveland is in charge of the case. Within the last few weeks, her mother, Mrs. Mary Reese, and her sister, Mrs. Alice Springer, died.

Budget Commission Meets. The Health Board Budget commission met in Lisbon Wednesday to consider the budget for the expenses of the County Health board for the coming year. The budget commission seeks \$40,000. The county commissioners are in favor of paring the amount considerably, but it is up to the township trustees, as the money is to come out of the township allowances for running expenses.

CLAY MINERS RETURN TO WORK AT LISBON

Clay miners at the plant of the Saratoga Fire Clay company have returned to work. When the miners' strike was called, they went out with the others and the plant, which employs 50 men, had to shut down. When the strike order was declared off the men held a conference and decided to go back.

Licensed To Wed. Charles B. Byers, city fireman at Barberton, and Marie A. Kearns, of East Liverpool, were granted marriage licenses Tuesday afternoon.

Injured In Fall. John P. Neill, dairyman, is suffering from a badly sprained wrist. He was riding on a crate that held two young cattle, when the crate collapsed and Neill was thrown to the ground. The weight of the fall was upon his right arm.

LISBON PERSONALS. Miss Pearl Boots of Salem, was a Lisbon visitor Tuesday.

Mrs. J. B. Lyder and Mrs. Will Bye of Lisbon, were East Liverpool visitors Tuesday.

Mrs. George Ferrall left Wednesday for Aurora, N. Y., where she will remain several weeks.

Mrs. W. L. Armstrong, of Lisbon, has gone to East Liverpool where she will spend the winter with her parents, Mr. and Mrs. J. N. Hanley.

CARD OF THANKS We wish to thank the many kind neighbors and friends for their kindness and floral offerings; also those who furnished machines. Rev. Jess Woyte and singers; Mrs. Alley and Mrs. Ellis, during the death of our brother Archie Charlton.

PRINCE VISITS WALL STREET

Heir to British Throne Continues Sight-seeing In New York.

NEW YORK, Nov. 19.—Trinity church, where George Washington once worshipped and where many revolutionary war heroes lie buried, Wall street and the United States sub-treasury were visited by the Prince of Wales today.

Great crowds hailed the royal visitor in the financial district and when he appeared in the visitors' gallery of the stock exchange trading ceased for a few moments and the bulls and bears united in a rousing cheer.

"Come on down and join us," shouted one lusty-lunged broker. The prince grinned and waved his hand in response.

It was a cold, crisp day and the prince wore a gray overcoat buttoned about him. He had discarded his uniform for "civvies" and appeared in a blue suit, black derby and tan shoes. He carried a light cane.

Attorney General's Ruling. COLUMBUS, Nov. 19.—Attorney General Price ruled that county commissioners in the tubercular hospital districts have no right to borrow money to defray the expense of a tubercular hospital in case the tax levies for the year prove insufficient. This ruling went to Prosecuting Attorney Hudson of Clarke county.

SET DATE FOR GRADUATION

Dr. J. Wesley Hill Will Speak at Exercises Tuesday, May 25, 1920.

The annual commencement exercises in the local high school will be held in the high school auditorium Tuesday evening, May 25, 1920, it was decided at the meeting of the board of education it was announced Wednesday.

Dr. John Wesley Hill, of New York city, chancellor of Memorial university, Cumberland Gap, Tenn., will deliver the commencement address.

Several changes in the teaching staff of the elementary schools were announced by Supt. F. P. Geiger. Mrs. Beatrice Kerstetter, teacher of the fifth grade, Washington building, has tendered her resignation to take effect Friday. She will be succeeded by Miss Thelma Ankrim, who assumes her new duties Monday. Miss Gertrude McBride is teaching the sixth grade at Sixth street formerly filled by a substitute, Lois Kinsey has been assigned the seventh grade, Sixth street, vacated by the removal from the city of Mrs. W. W. MacEwan. Miss Mary Eldredge has been placed in charge of the second grade at Neville Institute.

In view of the fact that the drive this year was conducted exclusively by women and was confined solely to a house to house canvass and solicitation from booths and in theaters, the results obtained compare very favorably with those of previous years. No attempt was made by the 150 women solicitors to invade the industrial plants at any time during the canvass.

Mrs. C. A. Ferguson, city chairman of the drive forces, Wednesday voiced the following statement of thanks:

"As chairman of the recent campaign, I take this means of expressing my thanks to the press for its hearty co-operation, to the ward captains and efforts in securing memberships, to Mrs. Louis Steinfeld for her work as publicity director, to Mr. W. I. must get over it. But in Heaven's name let us get such a body, and by its continuous existence avoid these crises."

"The figures I give you are arrived at by averages," he said. "The bituminous coal bill for 1918 was \$1,300,000,000, or \$2.61 per ton. If this sum \$2.25 went into the cost. This left a margin of 46 cents per ton profit."

"The margin on 500,000,000 tons in 1918 was \$230,000,000. At the same time \$750,000,000 was paid to labor in wages. This was 70 per cent of the cost or \$1.15 per ton."

"You are dealing with the central competitive field, however. In that field the margin was 48 cents. This margin, however, was not all profit. The biggest item taken from it was the government tax. I do not know what that was. But in 1917 it was upwards of 30 cents per ton."

cling to the old state convention system.

Twenty-six states are still to fix a date when presidential preferences may be selected by the voters.

With the selection of convention dates at meetings of the Republican and Democratic national committees but a few weeks off, the presidential election is looming up in the center of national interest. When the peace treaty is disposed of and congress returns next month it is expected that the political pot will begin to boil merrily.

ity of the president and himself to prevent a "leak" in the administration ranks despite the lack of unanimity of action at the conference.

"Each Democratic senator is to do as he pleases," Hitchcock said. "No one is bound to any course."

He laid the president's letter before the conference but no formal action was taken with regard to it. Whatever final action the administration forces would take they would pursue in the senate, he stated.

"Then the conference was not final, decisive, or binding?" Hitchcock was asked.

"I would like it distinctly understood that it was not," he replied. "There was a lack of unanimity of opinion."

"Some senators on our side did not think they should be asked to vote against any resolution of ratification if such action on their part would jeopardize the treaty."

Hitchcock made it plain that neither the president's letter nor the conference had resulted in any solidification of the administration forces.

"Was any compromise plan agreed upon or suggested?" he was asked.

"That will come later on," he replied. "We talked over the situation. We did not agree to any plan. It was decided that each senator should be left free to act as he deemed best under the circumstances," he replied.

The impression created by Hitchcock was that the situation, so far as the administration forces were concerned, was still "up in the air."

He intimated that the administration forces were hopeful that a resolution of ratification with reservations satisfactory to two thirds of the senate will be adopted eventually.

The Republicans were unanimous in declaring they would stand together to the end.

Annual Meeting of the East Liverpool Chapter, American Red Cross

The annual meeting of the East Liverpool Chapter of the American Red Cross will be held in the banquet room on the second floor of the Y. M. C. A. Tuesday evening, November 18th, at 7:30 o'clock.

At this meeting an Executive Committee of twelve will be elected and they will elect the officers of the Chapter for the ensuing year.

Every member of the East Liverpool Chapter and its Auxiliaries should be present at this annual meeting. IT IS YOUR RED CROSS.

Y. M. CAMPAIGN IS SUCCESS

Drive records in East Liverpool were shattered Tuesday when the inclusive, one-day membership drive of the Y. M. C. A. ended Tuesday night with 368 new members enrolled. The goal had been set for 300.

Final tabulations of the 24 hours' solicitation were received at a "Victory" dinner Tuesday evening at the Y. M. C. A. W. H. Vodrey's "Blue" team emerged from the contest a winner over C. C. Ashbaugh's "Whites." The Blues secured a total of 191 new members and the Whites 117. Don Thompson's team on the Blue side reported 40 new members. Miss Mae Morley's woman team, with 28 new members, emerged second.

Mrs. Mary Vodrey Nease, of this city, former Y. M. C. A. worker overseas, related some of her experiences in France. She told of serving hot cocoa to members of Lieut. Allen Surles' detachment on a cold winter's night within sound of the big guns and also mentioned having seen Captain Don Thompson, Lieut. Robert Brooks and many other East Liverpool soldiers "over there." Rag time piano music by Lawrence White enlivened the Victory repast. Members of the girl's gymnasium class at the Y. M. C. A. served and financed both the inaugural and victory banquet as their part in the campaign.

Here is a summary of the drive's results:

"Blues," W. H. Vodrey, captain. Boys team, 18. Women's team, 36, and Men's team 137; total 191.

"Whites," C. C. Ashbaugh, captain. Boys' team, 23. Women's team, 32. Men's team, 62; total 117. Grand total 308.

The general chairman of the drive was Lee C. Cooper with W. I. Lewis, campaign manager. The workers engaged in the canvass as members of the various teams follow:

"Whites"—C. C. Ashbaugh, captain; Joseph Betts, D. M. Ogilvie, Charles F. Goodwin, J. S. Hilbert, G. R. Thomas, Harry Watkins, John McShane, Willie Hall, Harry Spoure, Dave McLane, S. P. Ankrim, Clarence McKenty, Charles Zellers, Herman Supplee.

Women's Team—Miss A. C. Frost, Sara Weaver, Ruth Eardley, Mrs. John Greene.

Boys Team—Gerald Boyd, Rowland Buzzard, Wayne Kilmer, Joseph Vodrey, Stanley Hilbert, Rutan Bennett.

"Blues"—W. H. Vodrey, captain; James Anderson, A. L. White, T. E. Lewis, E. P. Williams, Robert Brooks, Emmet Gaston, John Mylar, Tom Jones, Lawrence Paterson, J. Donald Thompson.

Women's Team—Miss Mae Morley, Miss Minnie Thompson, Mrs. Dan Smith, Miss Mabel Meakin, Miss Eleanor Smith.

Boys Team—Rowland Jones, Chas. Kimes, James Larkins, Robert Goodwin, Harry George, Arthur Wood.

MILL WORKERS
GET REPORTS

Reports of the two delegates who were sent to Pittsburgh by Success lodge of Wellsville and the Chester lodge, Amalgamated Association of Iron, Steel & Tin Workers, will be heard at a meeting of the mill men to be held at the headquarters of the organization in Washington street, East Liverpool, Thursday evening at 7:30 o'clock.

President Roberts, of Success lodge of Wellsville, announces that a number of important business matters in connection with the organization work here, will be taken up at the meeting. Plans for the furtherance of the commissary for steel workers will be discussed.

The two representatives from the Chester and Wellsville lodges have been authorized to give detailed reports on the activities of the Amalgamated Association in the Pittsburgh district.

Officials of the association announced Wednesday that a delegation of mill men from Success lodge will attend the meeting of Trades and Labor council at Wellsville Wednesday evening. Another delegation will be present at the East Liverpool Trades council meeting, it is said.

TWO BIG GRID
GAMES BOOKED

At least two more strenuous grid battles are carded for the Wellsville Antlers, the local football representatives, according to an announcement Wednesday by Business Manager Edward T. Fogo.

The Washington and Jefferson Scholastics from Pennsylvania will be the Turkey day attraction here, while the Veterans of Foreign Wars will oppose the locals in what will probably be the Antlers' final engagement this season.

Up till Wednesday the Antlers were without a game for the coming Saturday. Officials of the organization have been active all this week, but their efforts to book up an attraction have been in vain. Officials of the club are now considering booking the fast Wellsburg Merchants, one of the heaviest clubs in that section of the Ohio valley. Although the Merchants have been beaten once or twice this season they have been up against some stiff opposition and are confident they can give the locals a good engagement. No definite arrangements have been made yet for the game.

The Washington and Jefferson Scholastics are composed of a number of ex-college stars and independent luminaries. They will play at Central park Thanksgiving afternoon. The Rockland A. C. of Pittsburgh, which has been the attraction here every Turkey day for the past half dozen years, could not be signed this season.

The Veterans of Foreign Wars of East Liverpool are contenders for valley championship honors and feel sure of a victory here Saturday following Thanksgiving. This date has not been definitely decided upon yet.

GOVERNMENT OWNERSHIP
OF RAILROADS COSTLY

According to a report compiled by Director General of Railroads Hines the government is not only using more employees but it is paying them higher wages and they are working shorter hours, while it has cost the government more to operate the roads under its ownership.

In July there was an increase of 11.2 per cent in employees over December, 1917, and the working hours showed a decrease of 3.9 per cent. Total compensation to the roads by the government in July was \$224,140, 935 while in December it was \$153, 039,988. The average daily pay of employees in July was \$4.93 against \$2.52.

The report also shows that the average monthly compensation for all employees, including the increases recently given shopmen, was \$121.50 in July, an increase of 35.3 per cent over December and 45.3 per cent over the wages for the calendar year of 1917.

Legislation authorizing the organization of an equipment trust to reimburse the government for \$400, 000,000 spent for locomotives and cars during federal control of the railroads was passed today by the house and sent to the president for approval.

SOLONS TO PASS MEASURE
FOR OVERHEAD BRIDGE

That city council favors the erection of the overhead bridge at Fifteenth street, connecting the Pennsylvania railroad yards with outside streets, was indicated when the solons assured railroad men at council Tuesday night that steps would be taken at their next meeting to adopt an ordinance to this effect, over the veto of Mayor Imbrie.

Council reached this decision following lengthy arguments Tuesday night. The deciding feature in council's action was the receipt of a petition bearing the names of 550 residents of the city, and a communication from the Brotherhood of Railway Carmen of America, Wellsville lodge, asking that the bridge be built because it would "greatly benefit employees and the public in general."

Following the presentation of the petitions, P. M. Stone, official of the brotherhood, and J. J. Grafton, railroad representative, explained the advantages connected with the proposed overhead bridge.

Mayor George B. Imbrie then told council that the only objection he had to the building of the bridge was the fact that a certain property owner in Fifteenth street would suffer by it. He said that since the last meeting of council he had come to the decision that the subway, an investigation of which he recommended at the time, would be impracticable.

Attorney W. A. O'Grady said that the rights of property owners should be considered before the bridge is erected. He asserted that the underground way was the only feasible plan.

P. T. Dunn, master mechanic at the Cleveland and Pittsburgh shops here, said that a subway was not advisable inasmuch as water would back into it at flood time.

Solons promised the railroad men that steps would be taken at the next meeting to pass the measure over Mayor Imbrie's veto.

LET CONTRACT FOR
NEW MARKET ROAD

The contract for the construction of the new main market road between Steubenville and Toronto has been let to the Floto Bros. of Steubenville, it has been announced. Their bid for the work was \$112,000. They were the only bidders on the job.

The road runs parallel with the river and for the past few years has been impossible, it is declared. The work on the new road will be started at once, it is promised.

BUSY SESSION
OF CITY DADS

Damages said to have been incurred to property owned by T. E. Croft in Commerce street, as a result of the bursting of a sewer, were ordered investigated by council Tuesday night.

Service Director Ewing was authorized to ascertain the probable cost of repairing the Liston road. The thoroughfare is said to be almost impassible.

Increase in salary for John McQueen, city auditor, and the assistant city auditor were made possible when ordinances were adopted by the solons to become effective January 1. As a result of the increase Mr. McQueen will receive \$1630 annually while his assistant will be given \$75 per month.

Service Director Ewing was authorized to advertise for bids for lighting the city by gas. Bids are to be asked upon contracts extending over periods of two, three and five years. Wellsville, it developed Tuesday night, owns a stone quarry.

Council years ago paved Wells avenue and assessed the abutting property owners. Mary J. Wells, who owned a strip of land upon which the stone quarry is located containing 3.6 acres did not pay the assessment amounting to \$639.17 nor did she pay back taxes amounting to \$79.74.

Some time ago council entered suit in common pleas court to recover the amount of the assessment. Attorneys for the estate recently sent to City Solicitor Lloyd the deed for the property.

An ordinance was adopted by council accepting the deed in settlement of the suit, agreeing to withdraw the case in common pleas court and paying the costs and back taxes it being pointed out that in the event that the suit was won by the city it could only collect upon sale of the property.

The solons will now attempt to dispose of the property to the highest bidder.

COLUMBIANA HIGH TEAM
PLAYS HERE SATURDAY

Coach Charles Van Tilburg's High school squad will meet the Columbiana High eleven next Saturday afternoon at Central park.

In the Columbiana outfit the Orange and Black expects to meet one of its easiest opponents. Columbiana has been beaten by practically every other county team this season and therefore is out of the race for championship honors.

If Wellsville defeats Columbiana High and is able to bring home a victory from East Liverpool on Thanksgiving day, it will have first claim on the Columbiana county championship honors. Although Lisbon was awarded the game with Wellsville by a 1-0 forfeit because Coach Van Tilburg took his team from the field after alleged unfair play, the county seat team is not eligible to claim honors because it has not played Salem Athletic relation between the two north county schools are somewhat strained and as a result there will be no meet of the two teams this year.

SOLDIER DEAD TO COME HOME.

After long uncertainty, it now appears that the bodies of American soldiers buried in France will be brought home. Announcement of this purpose has been made by Representative Porter, chairman of the House committee on foreign affairs. The committee has decided to recommend such action, believing that it represents the sentiment of the nation. In support of its position it calls attention to the results of the questionnaire sent out by the War Department. The parents or next of kin of 40,000 out of the 65,000 men who lie in France are said to favor this move. Congress, presumably, will give its approval.

There has seemed to be much fitness in leaving those crusading Americans buried in the soil they helped to save. They would have been a powerful bond between France and America. There is something, too, in Theodore Roosevelt's preference for "letting the dead oak lie where it fell." But if the families of those fallen soldiers want them repatriated, so that their own loving hands can tend the graves instead of leaving that privilege to an alien race, no person or power has a right to deny them.

No bodies will be removed from France at present. When peace is definitely restored, however, and it can be done properly and without undue complications, the great home-coming will begin.

CLOTHES AND WEATHER.

During the war Americans took many a leaf from the book of their grandmothers in the matter of food and clothing conservation. Why not take another, in these days of fuel scarcity, and wear clothes that suit the weather?

Where are the "undies" of yesteryear? Gone, but not forgotten. Nobody wants to wear scratchy flannels these days, and nobody needs to. But the knitted cottons and the silk and cotton mixtures and the silk and wool mixtures come in textures which furnish real warmth without discomfort or too much bulk. They permit a temperature of sixty to sixty-five in homes and offices, which is more wholesome for people generally than their usual seventy to eighty, as well as far more economical.

There is no merit in wearing summer clothes in winter. The lilies don't do it, nor the sturdy oaks. Neither do the birds that winter in the north. They put on little "undies" of their own.

And with serges and heavy silks so attractive and lustrous and colorful and all, why stick to transparent fabrics and go around shivering and pale-faced? Why not wear a few real clothes from November to mid-March, and be rosy and comfortable and coal-saving?

BUY FRESH AIR.

"Suppose some one had fresh air for sale," suggests a magazine. "What an educational campaign there would be! What deadly parallels with reeking, germ-laden air pictured to the left, and on the right the intoxicating joy of mountain freshness with Blank's system of ventilation."

It is another reminder that with all this cost of living, one of the greatest luxuries in the world is still free.

Perhaps it is just because it is free that fresh air remains a luxury to so many people, instead of being treated as the most necessary of all necessities. It is time to call attention to the subject now, at the onset of winter—the season when the uncivilized and unhealthy tendency to bar fresh air from homes and public buildings is strongest.

Some will object that fresh air really costs money in cold weather—that it must be paid for in additional fuel or clothing, or both. Very well! Sell yourself some fresh air. At the worst, it costs less than doctor's or undertaker's bills, or the half-efficiency that comes from a defective supply of oxygen.

Storm windows and doors have their value, but they do a good deal of harm in many homes, hermetically sealing up the houses and forcing the occupants to breathe the same dead air over and over again. Doors and windows that are leaky—provided they are not too leaky—are natural ventilators. Good air comes in on the lower floor and goes out upstairs. If all the leaks are stopped there must be other ventilation provided. Fresh air must be fed into the furnace or somewhere else direct from outdoors, and the used air must be returned to the cleansing outdoors somehow or other.

It need not cost any more for fuel. A good substitute for fuel is clothes. The American tendency is to dress too thinly in the winter, and then keep houses too hot. It is far cheaper and far more healthful to keep the houses cooler, and dress more warmly. And the additional oxygen people will get into their systems by breathing cooler, fresher air will help them to keep warm.

HOME-BUILDING FINANCE.

The American Builder declares that it is the first down payment that balks thousands who would like to build homes. "If that were in hand the rest would be easy, since the regular financing machinery of mortgage loans and easy payments over a period of years would then come into play."

This magazine suggests that it is just as easy to start a Home Buying club as a Christmas Savings club. The latter flourish everywhere, and so did the Liberty Bond buying on the installment plan. Most Americans earn money enough so that they could save something regularly if they would. It is only the happy-go-lucky temperament of the breed that keeps them poor and prices high.

If a family wants a home, why does it not budget the project along with the milk bill, and save a definite sum every pay-day towards it? Everybody survived the strain of buying Liberty Bonds. There were no pathetic tales of starvation due to that cause. People proudly did with fewer luxuries. People proudly lived in smaller quarters. Why not proudly do the same for the sake of owning the home? It is a perfectly good excuse for those who feel obliged to keep up with the Joneses. "I didn't buy the fur coat—or the new rug—because we are saving for a home."

It doesn't take long to lay up the first payment, and then, as the Builder suggests, the rest is easy.

Rengo Belt

Almost every stout woman envies the woman with a slender figure. This need not be—for a Rengo Belt Reducing Corset will give to any medium stout or stout woman the lines of the prevailing fashionable figure. This is brought about by reducing the appearance of flesh over the abdomen, back and hips.

Rengo Belt Reducing Corsets keep their shape. They do not stretch. This is good news to the medium stout or stout woman who is "hard" on corsets and who frequently has to discard half-worn corsets because they have lost their shape.

Reducing Corsets

Beautiful Georgette Blouses from \$5.50 to \$48.00

Exquisite indeed are the blouses of georgette that Dame Fashion has designed this season. Some are made with collars, others are collarless. Beautiful bead work, laces and embroidery work are used to embellish them. Round and square necks, bell sleeves. The wanted colors and shades are all here, navy, brown, taupe, bisque, black, white, flesh, copenhagen blue, sunset and silver.

Chilly Mornings Suggest Making Warm Bathrobes

Beacon robe blankets are so soft and cozy and the patterns and coloring are so attractive that most people like them better than anything else. The assortment is a good one, both light and dark colors and patterns for everybody—mother, father and the children. Price \$5.25 with girdle, neck cord and frog to match.

White Voile Waists With Colored Stripes

Such waists as any woman would delight to own and wear. Very good looking and dainty with their colored stripes. Prices \$2.25 to \$4.50.

Plenty of Extra Large Size Waists

Women who require extra large size waists will be delighted with the collection we have ready for Blouse Week. Waists of crepe de chine, Georgette and Voiles. Sizes 46½ to 54. Prices \$3.00 to \$20.00.

Plentiful Indeed Are the Lovely New White Voile Waists

Women who love waists that are pretty and dainty will find much to admire in this collection of beauties. Some are trimmed with fine little laces, some are embroidered and quite a few have the fine tucks. Made with high and low necks and long or short sleeves. Prices \$1.00 to \$10.00.

Crepe de Chine Blouses As Women Like Them

Stripes Are Fashionable

in the pretty messaline and taffeta silk waists. The various light and dark colors are well represented in both low and convertible style collars. Prices \$5 to \$10.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Nov. 19.—Sarah Walker, a negress, who passed on some time ago, left a half million dollars according to the will filed in White Plains last week. A remarkable fortune paid to her in the name of vanity. For Madam Walker, as she was called, collected this fortune by selling a remedy said to remove dandruff from hair among her own people.

She died in Indianapolis although her home—a great show place—was at Irvington on the Hudson. The big country estate was known as Lewar and it nestled in the heart of perhaps the most exclusive community in all of America. Right around were the estates of Helen Gould, Rockefeller, Vanderbilt and scores of others whose names strike awe in every financial center.

Madam Walker's home is the most beautiful one in the entire section. I have seen it and while my architectural education registers zero those who know declare it is indeed one of the handsomest homes in America. It has the effect of giving the impression of the rarified atmosphere of a wealthy, highly cultivated, rather haughty home.

The visitor is met at the door by an equine gentleman, patrician unmistakable, of aristocratic features in the habiliments of a butler. The home goes to the daughter who it is said will not live there. Madam Walker was rarely ever seen.

She spent only a few months a year at the great estate and when she left the house she stepped into a closed limousine. There was never any entertaining or visitors. Nobody knew who the house was for until it was finished. And then the tongues began to wag! Now the neighborhood seems quite reconciled and points out the home to visitors.

New Yorkers run, snick-dab into odd slants, human mooncrutches, and all sorts of people. A newspaper tells of C. M. Garrison, wealthy broker, and owner of Be Frank, the last Latonia derby winner, going to Paris every now and then merely to visit a certain famous restaurant and get a dish of the slow-creeping gastropod of the genus Helix, known in common every day talk as snails. Mr. Garrison likes fast horses but slow food. Incidentally it is quite remarkable how the taste for snails grows on the true epicure. C. M. Garrison, by the way, was born near Portsmouth, O. How those Ohio boys do go on! He was for a long time associated with former Senator Clark in his rich copper mining ventures. Later Mr. Garrison ventured into the mining business himself and has become enormously wealthy and one of the Wall Street plutocrats. He has a town house but spends the most of his time at a great residence he owns at Manhattan Beach, where he goes in for a swim every morning—summer and winter.

There wasn't much enthusiasm about the armistice celebration. The Manhattanese find it hard to cheer on lemonade. The cafes did a very small business, but there were many parties in private homes, where the slightest excuse is made for a dip into the remaining supply of liquors. Looking back on the year and after paying \$140 for a suit of clothes it looks like only one person got his freedom—the kaiser. He has been

getting rent free, fresh country eggs, a long rest in the country, lots of free advertising and freedom of the Ben-tinck wine cellar.

The hotels have begun a fight on the Mezzanine Hounds. They are men and women who lounge around the mezzanine floors all evening, occupying the best chairs, etc. They usually entertain friends there too. Their homes are in hall bedrooms. It is just a part of the eternal four-flush of the city.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously, are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

CUTICURA HEALS BAD CASE ECZEMA

Mostly on Arms and Hands.
Itched and Burned.

"My grandmother had a very bad case of eczema which was mostly on her arms and hands. It took the form of red eruptions that itched and burned so she could not sleep. She would almost scream when water touched her hands."

"Then she read about Cuticura and sent for a sample. She bought more and after using the Soap and Ointment for two months she was healed." (Signed) Miss Lorene Sterling, 288 Collins St., Blue Island, Ill.

Cuticura Toilet Trio

Then why not make these gentle, fragrant, super-creamy emollients your everyday toilet preparations?

Sold everywhere at 25 cents each. Sample each free by mail. Address: "Cuticura, Dept. B, Boston." Do not forget the fascinating Fragrant Talcum for powdering and perfuming the skin.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

To Entertain Missionary Society.

HOWELL, Mich., Nov. 19.—Four persons, Mrs. Harry Dickerson, her husband and two babies were burned to death in their apartment at the Hotel Wilcox yesterday morning when kerosene with which it is believed Mrs. Dickerson was attempting to light, exploded. The hotel was partially destroyed by the flames before firemen arrived.

Now Is a Good Time To Drive Out Catarrh

The Trouble Is in the Blood.

Summer catarrh, with its nauseous discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter. That's why it is so important to treat catarrh with S. S. S. during warm weather.

It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. S. strikes at the root of the trouble. Waste no time in this matter, for it is of the utmost importance. Write to our Medical Advisor about your case. Address: Swift Specific Co., Dept. 53, Atlanta, Ga.

SMALL FEATHERED HATS ARE FAVORITES

The small feathered hat is having an unusual vogue this season. It is seen almost to the exclusion of the large hat. Of course, the larger hats are still good for dress wear—they will always be for that—but the small turban or toque with its ostrich or cock feathers is the smart hat for street and afternoon wear. This small hat has a narrow upturned brim and a soft crown and is made of taupe plush. The sand colored uncured ostrich feathers are arranged to form a halo about the face.

SEND WRONG BODY TO
PARENTS OF HERO

GRAND RAPIDS, Mich., Nov. 19.—One of the after tragedies of war was revealed here when the flag-draped coffin which was supposed to contain the body of John T. Westerhof, Grand Rapids soldier of the 339th regiment, who was killed in northern Russia, was opened Monday at the home of his parents, Mr. and Mrs. Thomas Westerhof. The coffin was found to contain the body of some soldier other than Westerhof, the identification marks disclosing that the wrong body had been placed in the casket marked for Grand Rapids. The parents have applied to the war department to locate their son's body and for disposition of the one here.

ASPIRIN—Its Uses

First Introduced by "Bayer" in the Year 1900

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for nineteen years. The name "Bayer" means genuine Aspirin proved safe by millions of people.

In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this genuine Aspirin for Colds, Head-

ache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and Pain generally.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Drug-gists also sell larger packages.

WAR ROMANCE IS
SHATTERED; OFFICER HELD

DENVER Col., Nov. 19.—Miss Margaret Larramore returned to her home in New Mexico today following the shattering of her romance began while she was engaged in war work at the government hospital in Aurora, near this city, and Captain Ira L. Irving of Flint, Mich., is facing court-martial proceedings following charges made by army intelligence officers that he married Miss Larramore despite the fact that he had a wife and four children living in Flint.

Irving was formerly a member of the 32d National Guard division and was invalided home from France. Friends say his mind is unbalanced and it is expected a commission will be appointed to investigate his mental condition.

Mental Work
Needs a Stomach

Great Mistake to Imagine You Can Work Better and Faster on the Starvation Plan. Eat What You Like But Follow With Stuart's Dyspepsia Tablets.

Mental work uses up energy fast. And energy comes from food. To eat little or nothing in order to do more work is a fallacy that has created an army of dyspeptics. A better plan is to eat the regular portions of food such as make up the average meal and follow each meal with Stuart's Dyspepsia Tablets.

You will then get a double benefit—energy from food and sociability with meals, for as a rule, the light eater, or those who skip meals, get into a bad habit, a rut, of hermit-like isolation. Do not be afraid of gasiness, sour stomach, heartburn, heavy feeling or coated tongue after meals. Stuart's Dyspepsia Tablets arouse the stomach to secrete the juices necessary to relieve these troubles that so frequently distress the mental worker. They contain harmless ingredients which act with an alkaline effect, so you may eat the rich things of the banquet or the savory sausage for breakfast with utmost freedom.

Get a 50-cent box of Stuart's Dyspepsia Tablets at any drug store, eat freely of what you like and you will do more and better work than on a skimp diet. Try this plan.

Cincinnati—An almost complete sugar famine here forced small bakeries and confectionaries in all parts of the city to close.

Bakers decided to suspend work until relief from the sugar shortage arrives.

With a bigger demand being made upon the groceries than ever before for sugar and with their stocks the lowest they have ever had it was believed that one-half of the homes in this city have no sugar.

Sinn-Feiners Deny Report. CORK, Nov. 19.—A report that Sinn-Fein members of parliament tend to take their seats at Westminster and swear allegiance to George was formally denied at Sinn-Fein headquarters today.

Inside Information on

We're going to let the critics tell you the story in the only way that interests you. Their criticism is your cue. They vindicate the faith and judgment of the American Theatre in presenting "The Miracle Man" the biggest and greatest motion picture of the year.

What Pittsburgh Newspapers Say:--

PRESS—The most emotion-stirring drama, the most human, satisfying, comprehensive view of mankind's efforts and hopes that the films have portrayed.

CHRONICLE TELEGRAPH—The finest work that the silvered sheet has shown—one feels as though he were watching a great epoch in life as it unfolds.

GAZETTE TIMES—Both entertaining and elevating—will bring a lump into your throat—never has better acting been seen in a picture.

SUN—It is a miracle picture—The screen's most astonishing product—The theme is a wonderful one.

POST—It illustrates the picturing of thought—Unfolding an uncommonly interesting story—Reality and soul-stirring quality are projected.

DISPATCH—It is as easy to describe masterpiece of the sculptor's or painter's art, or to show by words the appeals of one of nature's great products as it is to tell of the things to be found in "The Miracle Man."

Cleveland Papers Praise It

ARCHIE BELL, News-Leader, says: "A magnificent picture. I saw it the other day at a private screening and wouldn't mind seeing it three times again."

HARLOWE HOYT, Plain Dealer, says: "It is not wise to be too generous of praise, yet one can hardly help lauding 'The Miracle Man' after having seen that wonderful photoplay."

DAVID DIETZ, Press, says: "'The Miracle Man' easily is the best picture in Cleveland this week. Few better movies are ever made. The action races. The story is logical. I recommend it."

THE SCREEN'S GREATEST STARS ENDORSE IT.

"The Miracle Man" made me play the baby. In my opinion it is a marvelous picture.—WILLIAM S. HART.

Marvelous, wonderful; it's absolutely superlative. Mr. Tucker has gotten over on the screen the most lifelike portrayal of a story that I have ever seen.—DOUGLAS FAIRBANKS

Frankly, I cannot say why I liked "The Miracle Man." You wouldn't attempt to analyze the pyramids. I can only say that I was so happy, so exalted during its performance that it was some hours later before I got back to earth.—CLARA KIMBALL YOUNG.

I think "The Miracle Man" is the best picture I've ever seen.—MARY PICKFORD.

A Beautiful Piano Or Player-Piano In Your
Home On Christmas Morning

You will never realize how much home encouragement you have missed until you get a piano right in your own home.

Picture a beautiful Piano or Player-Piano in your home Christmas morning—think of the glad hearts—of the pleasant and refined influence as well as the delightful entertainment you thus provide for your own family.

Then ask yourself the question: Why should our home be without music when the big Davis, Burkham & Tayler store right here at home affords a market for the best and most reliable pianos and player-pianos at rock bottom prices.

Hundreds—yes, thousands of homes up and down this Ohio Valley are using our pianos to their entire satisfaction and delight. And such will be your experience if you select any of the following Pianos or Player-Pianos, namely:

PIANOS

Hardman
Foster
Price & Teeple and Others

A. B. Chase
Milton
Schultz

Estey

The Famous Angelus

The Wal-

worth Franklin Campico

The Schultz and Others

All of which are instruments of quality and reputation. Appealing to the careful judicious buyer who plainly sees the wisdom and economy in providing his home with a thoroughly reliable piano.

VISITATION OF ODD FELLOWS

The first meeting of the visitation committee, made up of representatives of the six Odd Fellow lodges, in the East Liverpool district, who will arrange a schedule of visitations among the various lodges during the winter months, will be held at East Liverpool, Friday evening. George Neal, past grand of Clark lodge, No. 447, of Newell, announced Tuesday.

The visitation plan was fostered by the Newell lodge when it appointed its two representatives on the proposed committee about a month ago, at the same time extending invitations to the Odd Fellows lodges of East Liverpool, East End, Smiths Ferry, Wellsville and Chester to join in the movement. All but one lodge, East Liverpool lodge, No. 379, has acted favorably on the matter and that body will probably take the matter up in the early part of their meeting on Friday in order that the East Liverpool representatives may attend the initial meeting of the committee.

Mr. Neal will prepare a proposed schedule of visitations, which he will submit to the committee at the Friday night meeting. If this schedule is approved without changes, Pennova lodge No. 880 of East End will be hosts to the other five lodges, in December, the first visitation. East Liverpool lodge No. 379 will be hosts at the final affair, in May.

It has been planned to make the date of the meeting in East Liverpool, a red letter day for Odd Fellows. A big demonstration will be held and state officers brought to the Ceranic City as speakers. A big parade will also be considered by the committee.

With the exception of the East Liverpool lodge, the personnel of the committee will be as follows:

Clarke lodge No. 447, Newell—W. C. Miller and George Neal.

Pride of Chester lodge, Chester—H. B. Bartley and Thomas Johnson.

Line Island lodge No. 742, Smiths Ferry—H. W. Hays and William Antill.

Wellsville lodge—C. W. Adams and C. W. Vandyke.

Pennova lodge No. 880, East End—Wesley Davis and W. T. Anderson.

CONCERT GIVEN BY WOODLAND SINGERS

A large and appreciative audience heard the concert, given Tuesday evening by the Woodland Singers, an organization of four men, appearing at the First Presbyterian church here, under the auspices of Clark lodge No. 447, I. O. O. F.

The program presented by the company was interesting in that it was given in the form of a connected story. In the last act, the performers appeared dressed as gypsies. All four men were talented singers, while one of them played the clarinet.

This is the second number of the program to be offered during the year course. The third attraction is to be seen here next month.

To Entertain Degree Team.

Pride of Newell lodge, Daughters of Rebekah, will entertain the members of the degree team of the East Liverpool lodge Thursday evening in the I. O. O. F. hall in the Aaron building here. Following the regular initiation and lodge work there will be a program and a social hour. Refreshments will be served.

Women Who Are Nervous.

We see them everywhere, and how often we hear the expression, "I am so nervous it seems as though I should fly." Every such woman should take advantage of her druggist's guarantee that Vinol, the cod liver and iron tonic without oil, will build up sound, steady nerve and muscle tissue and promote strength and vitality or return her money. This seems to good a chance to lose.

FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). 25c and 60c jars; hospital size \$2.50.

SECURITY LEAGUE GIVES ACID TEST OF AMERICANISM

Miss Etta V. Leighton

Miss Etta V. Leighton is one of the leaders in the National Security league's educational work against anti-American radicalism. Through the co-operation of the organization of public school teachers and women's clubs of the country, she has popularized the league's "acid test of Americanism," which says: any doctrine which gives liberty and justice to all classes is American.

REV. JESSE DEEDS IN PULPIT TUESDAY NIGHT

In the absence of Rev. R. R. Griffiths of Chester, who was unable to represent because of a reception being given in his honor by members of his congregation, Rev. Jesse Deeds filled his own pulpit in the revival service at the First Methodist Episcopal church here Tuesday evening.

Rev. Mr. Deeds used the subject, "Christ's Unveiled Glory," for his discourse. Misses Minnie Mylar and Katherine Naylor rendered a pleasing duet, while special music was also given by the choir.

Wednesday evening's meeting will be in charge of the Epworth league society. Several short talks will be made by members of the society. A list of speakers is being prepared by Miss Rhoda Posthwaite, president of the organization.

BUCKYRUS—R. G. Ferguson, of this city will represent the local Y. M. C. A. at the fortieth international convention of Young Men's Christian Association to be held at Detroit, Nov. 19 to 25.

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about \$5.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and "syrup" combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

POTTERS OFFER NEW PATTERNS

Despite the fact that potteries of the East Liverpool district are operating at full capacity to fill long-standing orders, nearly a score of decidedly new dinner shapes will be placed on the market this season.

Present demands of the pottery trade call for steady production for many months, local pottery manufacturers declare. There are sufficient orders available in this district to operate for nine months, while business beyond that period is assured.

Many new kilns are nearing completion in several local potteries and will be ready for use early next year. The heaviest trade demand at present is for dinner ware sets and there is a decided tendency toward plainer designs rather than fancy shapes.

Here are some of the pottery concerns planning new dinner shapes this season: Edwin M. Knowles China Co., Carrollton Pottery Co., Knowles, Taylor & Knowles Co., Homer Laughlin China Co., Crooksville China Co., E. H. Sobring Pottery Co., D. E. McNicol Pottery Co., Pottery Co-Operative Co., Thompson Pottery Co., West End Pottery Co., Standard Pottery Co., Albright China Co., W. S. George Pottery Co., W. S. George Pottery Co., Colonial Pottery Co., Wellsville China Co. and the Cartwright Bros. Co.

THIEVES CAMP OUT IN NEW DORP BUNGALOWS

NEW DORP, Staten Island, N. Y.—Ten burglars were discovered recently in bungalows of the fashionable summer colony of Cedar Grove, near here. The houses were closed for the season. Five of the houses were robbed. The thieves slept in one of the beds in one of the bungalows and in another lighted an oil stove and prepared a meal.

BRIGHT SPOT IN THE DAY'S NEWS

A Columbus thief has developed a new stunt.

Calling at the home of Mrs. S. E. Ranney, at Columbus, a stranger told her that a "va mistake" had been made and requested her to permit him to take her \$400 fur coat back to the store from which she had purchased it.

Having some doubt as to the truthfulness of the stranger, Mrs. Ranney went to the telephone to call up the store.

While she was telephoning, the thief disappeared with the coat.

Hunter Nearly Kills Woman.

Lafayette, N. Y.—Another instance where a hunter narrowly missed causing a fatality occurred here recently when a bullet crashed through the window of the home of Mrs. Minnie Mackerly. The home is located on the edge of a clump of woods. Mrs. Mackerly heard the report of a rifle as the glass alongside her chair was close she had been to smashed and a bullet buried itself in the wall. When she realized how close she had been to death she fainted.

BISHOP'S COMMUNICATION TO LOCAL PASTOR

Rev. Father W. J. Sauer, pastor of the Sacred Heart Catholic church of Chester, has received a communication from the Rt. Rev. Bishop P. J. Donahue of the Catholic diocese of Wheeling, in which all Catholic men are urged to enroll in the Knights of Columbus.

In his communication, Bishop Donahue points out that this fraternal society of the church has won an honorable record in the war and peace, and that its membership should be enlarged to spread the spirit of staunch Americanism. There are many councils of the society in West Virginia, in Wheeling, Fairmont, Clarksburg, Charleston, Huntington and other places.

Chester has no lodge in the society, although many Catholics from this side are members of Carroll Council, No. 509, of East Liverpool.

RECEPTION HELD IN HONOR OF PASTOR

The members of the congregation of the First Methodist Episcopal church of Chester tendered Rev. R. A. Griffiths, their new pastor, a reception in the church parlors, Tuesday evening. Approximately 200 members of the church and their friends were in attendance at the affair, which was held under the auspices of the Ladies' Aid Society.

Pastors of the several churches in Chester and their wives were guests of the evening. Rev. Frederick Cromer, pastor of the First Presbyterian church, delivered the address of welcome from the community, while C. W. Ewing gave the welcoming address for the congregation. Rev. Mr. Griffiths also gave a short talk. The program included several vocal and instrumental selections.

Refreshments were served by a committee at the conclusion of the affair.

THIS FARMER'S MORNINGS WERE WASTED FOR HIM

Unable to Work Before Noon, Till Nerv-Worth Made Him Over.

This eloquent statement was made to the Nerv-Worth druggist at Fostoria, Ohio:

"I was in Glenn H. Eaton's drug store and the demonstrator gave me a sample dose of Nerv-Worth. After learning what Nerv-Worth was for I purchased one bottle. Have taken it as directed. I am feeling so much improved I am buying a second bottle today and intend to keep taking Nerv-Worth till I am cured, if possible. My trouble was nervousness and dizziness. In the morning I would be so dizzy and sick it would be noon before I would feel like work. The dizziness has left me and I am not so nervous and am feeling better in every way."

"CHAS. B. MORRIS, Route 1, Fostoria, Ohio."

The Nerv-Worth Demonstrator adds to the above that Mr. Morris said the dizziness left him after he had taken half a bottle of Nerv-Worth.

THANKSGIVING PROGRAM IN CHESTER SCHOOLS

Thanksgiving program, consisting of special literary numbers, will be carried out in practically all of the elementary and primary grades of the Chester schools next Wednesday afternoon, Nov. 26. Superintendent of Schools E. E. Oldaker has announced.

There will be no program in the high school. School will dismiss at the usual hour Wednesday afternoon and not resume again until Friday morning, Thursday being a national holiday in West Virginia.

Because of the present state laws governing schools of West Virginia Friday cannot be declared a holiday for the children unless it is made up at some other time. The schools of East Liverpool will enjoy a two-day vacation next week, one of the days being made up on Feb. 23, the day upon which Washington's birthday will be observed this year as the 222 falls on Sunday.

ZEMO HEALS FIERY, ITCHING ECZEMA A CLEAN ANTISEPTIC LIQUID

The first application of this clean antiseptic lotion stops itching, and when applied regularly, in a short time usually all traces of eczema or other disfiguring skin troubles disappear, leaving the skin clean and healthy.

This can be proved by your getting from any druggist a 35c trial size, or \$1.00 regular size bottle of ZEMO, a safe, efficient and economical treatment for eczema and other skin troubles.

ZEMO ANTISEPTIC SOAP greatly aids ZEMO in the treatment of skin troubles.

RUSH IMPROVEMENT OF STREET CAR TRACKS

The improvements to the street car tracks on the Chester line of the Steubenville, East Liverpool & Beaver Valley Traction company, on Carolina avenue, between Third and Fifth streets is rapidly nearing completion. The work will be finished within the next week, if the weather remains favorable.

No further work will be started after the stretch between Third and Fifth streets is completed. Both the east-bound and the west-bound tracks are being given a thorough overhauling, by workmen, who have been on the job for about two months. The west-bound tracks is now open for traffic.

Convalescents Build Up On Pepto-Mangan

Increases the Supply of Rich Red Blood — Restores Strength and Vigor.

PHYSICIANS RECOMMEND IT.

Sold in Liquid and Tablet Form—The Name "Gude's" the Guide to Genuine Pepto-Mangan.

A serious illness such as Influenza or other infectious disease always leaves the body with low vitality, lack of strength and impoverished blood.

Gude's Pepto-Mangan aids convalescents to a quick recovery, for it creates a generous supply of rich, red blood and restores the body to its normal, healthy condition.

That's why physicians recommend Pepto-Mangan, for they know that it imparts to the blood the material so sorely needed by weak, run-down systems.

Pale, sallow, thin, easily-exhausted men and women find that Pepto-Mangan builds them up wonderfully. A new supply of rich, red blood is created, which in turn imparts the glow of health to the cheeks, increases the appetite, the eyes sparkle, the entire system takes a new lease on life.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's". Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan.

The repairs to the east-bound line has been completed as far as the bridge over Middle Run. New supports are being placed beneath the bridge, while a new floor is also replacing the old one which was badly worn by heavy traffic.

Switzer Funeral.

Funeral services over the remains of the late Mrs. Louise Switzer, who died here Sunday night, were conducted at 5:30 o'clock Wednesday morning at the Sacred Heart Catholic church. Rev. Father William J. Sauer officiating. The body was shipped to Cincinnati, where burial will be made.

INCREASED PAY IS GIVEN P. O. EMPLOYEES

Employees of the Chester postoffice will profit by the bill providing additional pay for government postal employees, which recently became effective by President Wilson's failure to approve or disapprove it. Postmaster W. B. Stewart and other attaches of the Chester office have already received back pay, which dated from July 1st.

The bill provides all postmasters, assistant postmasters, inspectors, special clerk and other employees of the postal service who have been receiving between \$1,000 and \$1,200 a year shall hereafter be increased \$200 a year; those who have received between \$1,200 and \$1,500 are to be increased \$150 a year; those between \$1,500 and \$2,000 are to be raised \$225 a year, and if they have been receiving between \$2,000 and \$2,500 they are to receive \$190 more a year. Village delivery carriers receiving less than \$1,000 a year are to receive a 20 per cent increase.

Rural letter carriers on daily routes or those carrying two tri-weekly routes will receive an increase of \$75 a year on routes 11 miles long or less; \$100 on routes between 11 and 20 miles long; \$150 on routes between 20 and 24 miles long and \$200 on routes more than 24 miles long. Carriers on tri-weekly routes are to receive half these increases. Postmasters at first class offices will receive an increase of 15 per cent over their present pay.

CIRCUIT COURT SESSION WILL CLOSE WEDNESDAY

Wednesday will be the last day which the Hancock county circuit court will meet during the present term, according to an announcement by Judge R. M. Addelman, the presiding executive. Many important cases will be disposed of in the final meeting of the court.

Robert Martin, Chester youth, indicted on a charge of assaulting Edward Hadley, an aged resident of Chester, was brought up for a hearing Tuesday. The case was given to the jury late in the afternoon, but no verdict was returned. The case was resumed Wednesday.

The case of Samuel Matu, Weirton foreigner, will also be disposed of on Wednesday.

The case of two Weirton Greeks, charged with keeping a gambling house, was continued until the next term of court following the failure of a witness to appear at the trial.

Don't suffer another day with catarrh; the disease is dangerous and often ends in consumption. Start the Hyomel treatment today. No stomach dosing, no sprays, or douches, no dangerous drugs or narcotics. Absolutely harmless. Just breathe it—that's all. At Bulger's Pharmacy and leading druggists everywhere.

LLEWELLYN SENTENCED TO STATE PENITENTIARY

Willard W. E. Llewellyn, Chester pottery worker, charged with the theft of a quantity of dinner ware from the Taylor, Smith & Taylor pottery about a month ago, was sentenced to two years in the West Virginia state penitentiary at Moundsville, when he pleaded guilty to the charge before Judge R. M. Addelman at New Cumberland Tuesday.

After a short deliberation by the jury, T. C. Edwards of Parkersburg, who was indicted in connection with Llewellyn in the pottery thefts, was found guilty. His attorneys immediately made a motion for a new trial.

Llewellyn and Edwards were indicted by the grand jury on Nov. 3. Llewellyn Monday entered a plea of "not guilty." Tuesday, however, when the case was to have been heard before the jury, he changed his plea to guilty and was sentenced.

Llewellyn has been remanded to the county jail where he will be kept until the arrival of guards from the state penitentiary. Harry Ellwell, East Liverpool man, who was given one year in the penitentiary for a similar offense, will be taken to the state institution at the same time as Llewellyn.

AT the Theatres

FEATURE FILM IS COMING TO CERAMIC

The fighting blood of the Corbin and Pomeroy families, embittered as the result of a feud of long standing is fused by a woman's strength of purpose in "The Thunderbolt," starring Katherine McDonald and which will begin its three days' run at the Ceramic theater Thursday, Friday and Saturday.

A loveless marriage entered into by force on the part of the girl and hatred on the part of the man, is brought about when Bruce Corbin, only living male member of that family, determines that he will keep his promise made to a dying father and "get the last of the Pomeroy's."

The last member of that family which Corbin hates is the beautiful and popular Ruth Pomeroy, played by Katherine McDonald. Illegal transactions perpetrated by the father of Ruth place her father and the family honor in Corbin's power. His price is the hand of the girl, who is informed upon her marriage that Corbin does not "want" her; and that the purpose of the marriage was to insure the fact that she would never be a mother, and that the Pomeroy family would die, root and branch with her.

The birth of a child to Ruth Pomeroy enrages the unloving husband. He threatens to kill the child. The revelation of its real parentage constitutes a climax remarkable for surprise and dramatic strength.

Paramount-Artcraft picture, "The Miracle Man," comes to the American theater on next Monday for a four-day run. As a motion picture this absorbing story has been hailed by the critics as one of the finest productions ever seen on the screen. With scenes laid in the haunts of criminals in New York's Chinatown, in a little village on the side of a roaring mountain and on the shore of a roaring ocean, the opportunity for wonderful photographic effects has been realized to the limit.

But the chief interest is in the striking story which centers about the venerable figure of an old patriarch, who is credited with the power to heal the sick and make crippled limbs whole again. To him come Tom Burke and his band of crooks from New York's Chinatown with the idea of cashing in

on his powers. But it doesn't work out as they calculated, for hidden away in each of them is a heaven of good, which slowly comes to the surface under the influence of their wholesome environment. In a most marvelous way the criminals are reclaimed from the paths of crime.

Our Profit from all Sources

The American Public does not believe all it reads. It insists on being shown.

When Swift & Company says its profits are only a fraction of a cent per pound, many believe we are not telling the whole story—that there are hidden profits.

Here Are The Facts:

Our net profit on our entire business for the year 1918 amounted to only 1.76 cents per dollar of sales, or less than one-half cent per pound, and

1. Included profits from hides and all other by-products.
2. Included profits from all sundry side-lines.
3. Included profits on all subsidiary corporations.
4. To sum up—it included the entire profit from every source of revenue in which Swift & Company has any interest. There are no other profits.

Furthermore our accounts have been checked and certified annually by leading public accounting firms.

Swift & Company is sincerely trying to get the facts before the public. If you have any questions regarding our business—write us—and we will do our best to answer them. In discussing the packing business be sure you have the facts and that you are not unintentionally spreading misinformation.

A Cherished Fee

By ALVAH JORDAN GARTH

There was the sound of crowding feet and hushed but excited voices. Young Dr. Allen Reeves, just at the threshold of professional practice, faced a group of half a dozen women and children who bore in their midst the figure of an exceedingly beautiful girl, but limp, lifeless, her face devoid of all color.

"It was at the alley, Doctor Reeves," bubbled forth one of the women. "She was passing its end when Murphy's horse ran away. She was brushed against the wall and she went down like a broken flower. She is so still and white. Is it dead she is?"

The poor of the neighborhood knew the young physician well in time of illness and trouble and were friendly and familiar. Doctor Reeves spoke a reassuring word.

"No bones broken, one shoulder bruised quite badly, but there's the shock," he said to Mrs. Hannigan. "Just hold this child to the nostrils and fan the young lady till I go to the drug store and get some medicine I find I have run out of."

The young doctor moved with celerity. He was not a man given to trivial impulses, yet his whole soul was enlisted in the present case. Never in his life had a lovely face so impressed him as that of this haphazard patient. He wondered who she could be, obtained the remedy he was after and was not gone from his office more than ten minutes. His face clouded as he remembered it, for his absence, brief as it was, had been of sufficient duration to mark the return to consciousness of his mysterious patient and her departure.

"I couldn't stay her, doctor dear," explained Mrs. Hannigan. "She was all nervous and troubled. She said she must hurry to a train and that her sister had her railroad ticket. And when I told her of you she looked at your picture on the wall there and said you must be a truly kind-hearted man. Then she said something about having no money and after she'd gone I found this lying on the little stand yonder."

"This" was a small pretty finger ring holding an amethyst surrounded by small pearls. Along its inner rim was the inscription: "Annie from Sister." Doctor Reeves traced an element of pathos in the situation. This Annie, whose fair features were so powerfully impressed upon his mind, had left the ring in lieu of the money for his fee. He made a great many vain inquiries regarding its owner the next day, but it was of no avail. Pietro Santos, a settlement favorite who made and peddled plaster of paris images, was brought into his office that afternoon with an injured limb, and this distracted his thoughts from this provokingly beautiful and persistently haunting Annie. She was back in his memory and cherished regard, however, within a few hours, Reeves attached a ribbon to the ring and wore it hidden from view.

"Go-a de country, doctor," announced Pietro a month later, all mended up and, staring on one of his usual trips away from the city. "Owe-a for you fix-a Pietro up so fine. Pay-a when I come back."

"Don't you worry about that," said the young physician, waving the grateful itinerant an encouraging adieu.

Two afternoons later at the edge of a little village Pietro came across a gang of rough loafers, who attacked him, took his hard-earned money, bound him and, setting his pretty wares on fence posts as targets, proceeded to demolish them. An hour later, passing the spot, a moan attracted the attention of a fair, gentle-faced girl, Dr. Allen Reeves would have given a good deal to have seen, for she was the patient who had disappeared so disappointingly—Annie Merrill.

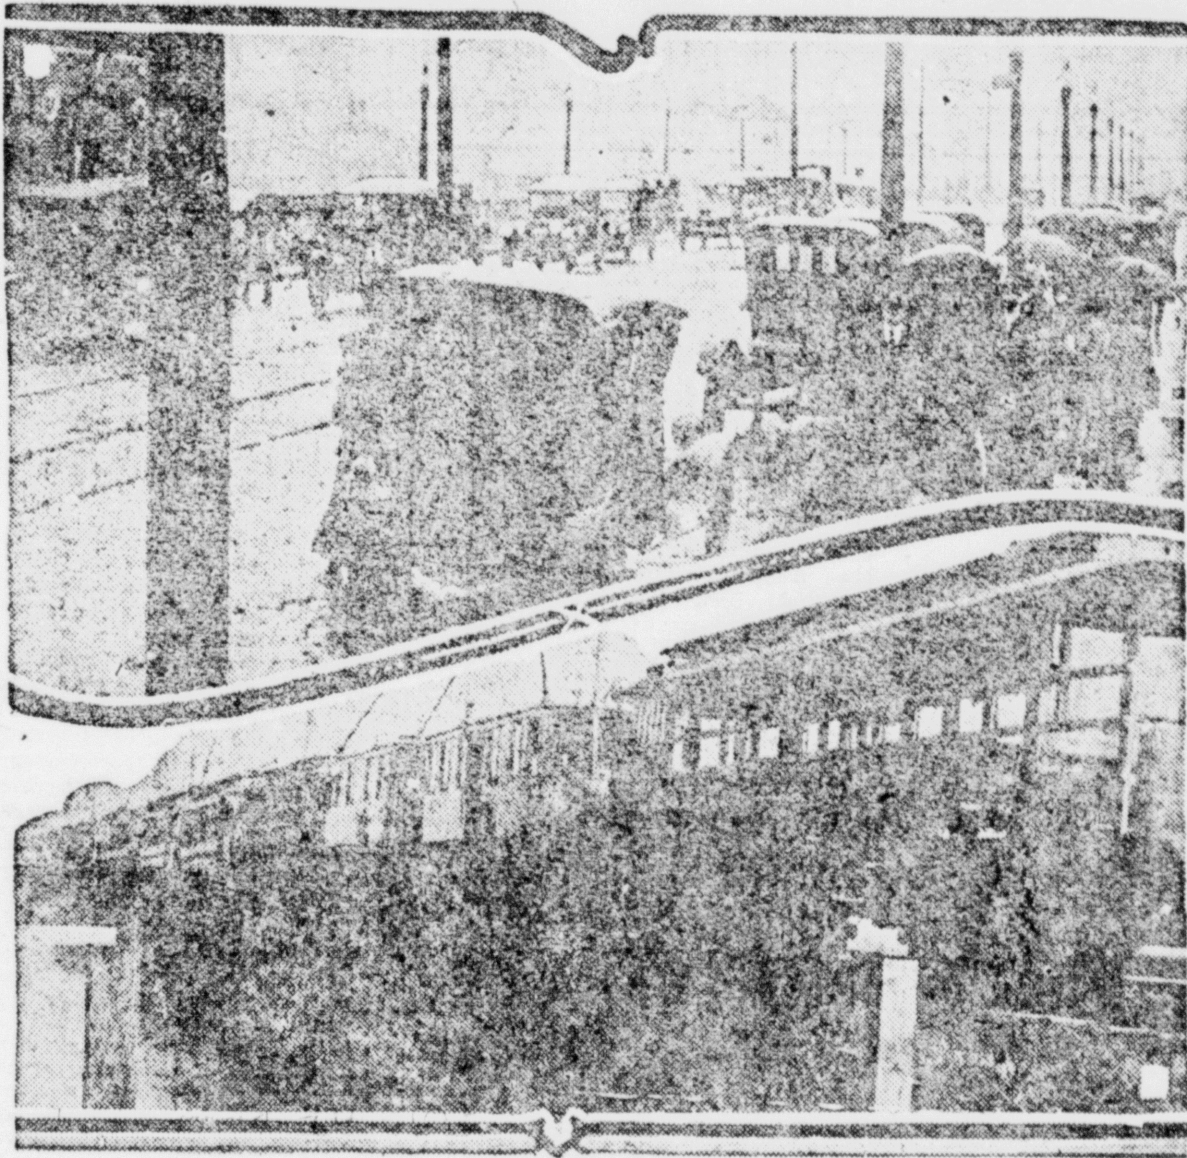

Her true sympathetic soul was revealed as she set the victim of brutality and havoc free and heard his pathetic story. She led him to the next day and even provided him with the money to pay his fare to his city home.

"You save my courage, my life," he told Annie. "I never forget. When I come again I bring-a you a great work of art. Ah, you have inspired the poor mock sculptor. He mak-a your beautiful face live!"

It was two months after that when Pietro appeared in the office of Doctor Reeves. He was thin and showed a strain of incessant hard work, but his eyes glowed and his face was irradiated.

"Doctor," he said, placing on the table an object done up in a cloth, "I never pay-a yet, but now I go out with a new image—oh, such beauty!"

TOLEDO CONSIDERS PEACE TERMS OFFERED BY TRACTION CO.; MEANWHILE STREET CARS ARE VACATIONING IN MICHIGAN

Toledoans on their way to work (above) without the aid of street cars (below) parked in Michigan.

When the citizens of Toledo, Ohio, last election day voted that the Toledo Railways and Light Co. should be ousted as a punishment for increasing fares, the traction

people took them at their word and a few days later removed every street car from Toledo over into Michigan, beyond the reach of Ohio courts. Now Toledo folk are either

walking to work or riding in buses at ten cents per ride. Toledo authorities are now considering a peace offer put forward by the traction company.

Odd Bits About Women

Another step toward enfranchisement of women was taken recently when the house of bishops of the Protestant Episcopal church, in convention in Detroit, Mich., gave permission to the missionary district of San Joaquin, Cal., to admit women to its legislative councils.

A commission has been made to consider the status of women in church councils and is to report in 1922.

Oxford University has taken the opinion of counsel, G. J. Muray, K. C., and Sir John Simon, as to the proposed admission of women to membership in the university and to degrees.

The Campfire girls of Irwin, O., under the leadership of Mrs. Howard Gault, are repairing roads in the vicinity.

Cinema Notes

Moore Completes First
Owen Moore has already completed "Picadilly Jim," the production in which he is making his debut as a Selznick star. Mr. Moore was at one time one of the leading favorites of the screen, but he deserted the silent drama for several months and engaged in other business. Playing opposite Mr. Moore is Zena Keefe, the girl who is going to be starred by Myron Selznick next year.

Directing Louise Glaum
Fred Niblo is to direct for the first time some other star than his wife, Enid Bennett. And it is to be the w. k. vamp, Louise Glaum.

Think of it! Stands in the cellar directly under one register and pours heat up through the house. Warm to the farthest corner—keeps the same temperature all over the house.

"BOLSHEVISM ON TRIAL" **FOUR DAYS** November 19, 20, 21, 22

Commencing Wednesday

This production has for its subject the relationship between capital and labor and the influences of Bolshevism upon American laboring men.

As propaganda on the labor situation, "Bolshevism on Trial" is interesting. As entertaining it is decidedly too preachy, too long and too lacking in the emotional qualities which make for easy absorption.

The picture deals with the biggest subject of the times, namely, Bolshevism and the labor situation. It advocates the co-operation of capital and labor.

We Americans have lived forever under a system of unlimited freedom of thought, or speech and action, so long as these respected the rights of others in the community; we do not have to think twice to realize the necessity of protecting our homes from the destructive influence of Bolshevism. Don't forget the date.

Y OPENS CARD IN TWO WEEKS

Speedy Steubenville Y M. Five Will Meet Watkins' Tossers—Practice Call for Thursday Night.

With the opening of the season less than two weeks off Coach Bill Watkins, who has charge of the Y. M. C. A. five this season again, is fearful lest the showing they make fails to come up to expectations.

Coach Watkins declares that practice is not as well attended as it should be. There should be more men out. The engagement with the Steubenville "Y" five is looked on as one of the hard ones of the schedule, more so, especially, as it is the tid-biter. The Jefferson county association is out this season with one of the most likely looking bunch of material that has worked out there in recent years and it is the consensus of opinion there that an ordinary team will have a hard job scoring a win against them.

No jobs are secure yet. In the statement of Watkins and officials of the "Y" team. Every candidate who reports for practice will be given a thorough trial.

Up till the present time Francis

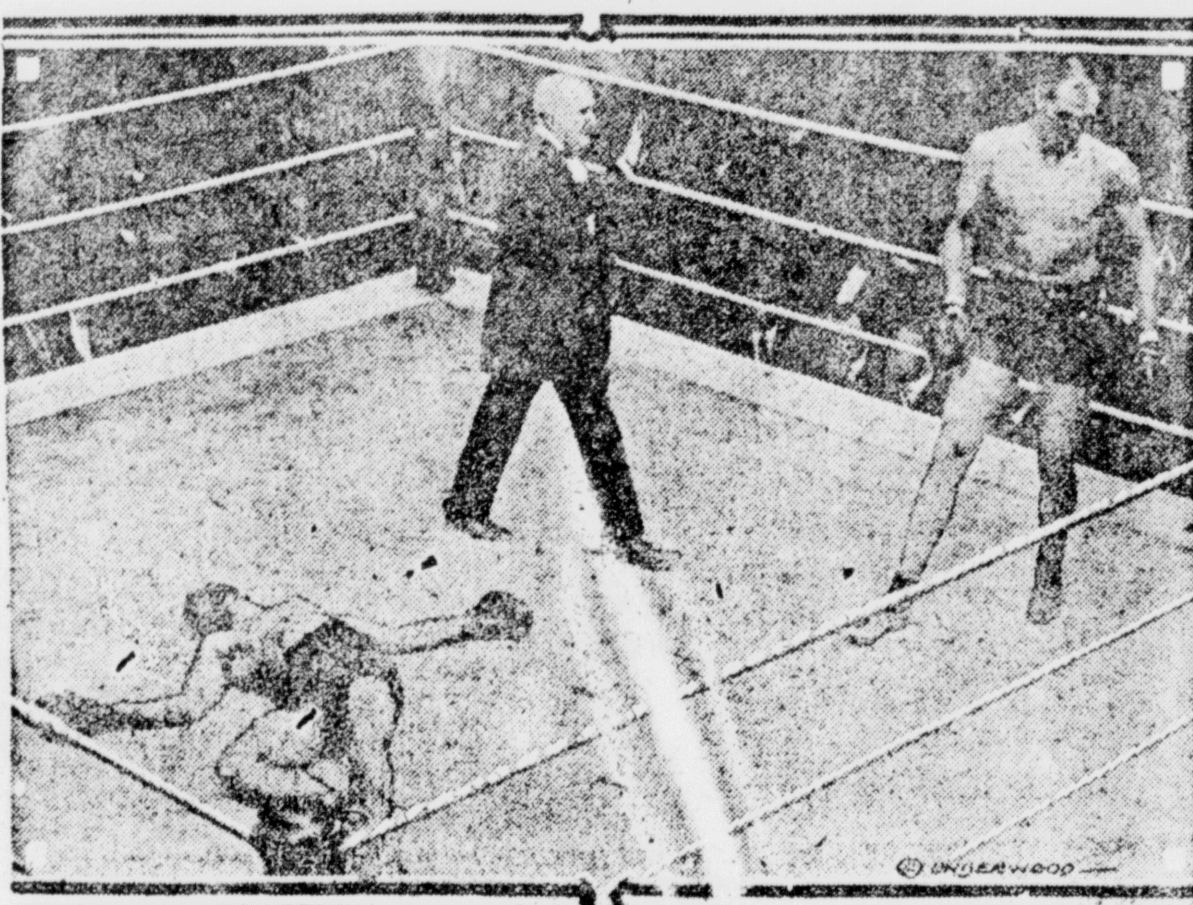

Cannon, Earl Greenawalt, George Funnival, John Greene, Irvin Vorndran, Bill Vodrey, Pete Coleman, Shel Pyle, Eric Calhoun and Chuck Horton have been the most consistent candidates. It is expected that others will be out within a short time.

The next call for practice will be answered Thursday night. "All men out" is the order of Bill Watkins.

McGRAW DENIES HE WILL QUIT GIANTS

NEW YORK, Nov. 19.—John McGraw isn't going to resign the managership of the New York Giants in favor of Christy Mathewson or anybody else. McGraw said so today. The New York pilot is about to sail for Cuba, where he has race track interests. Before completing his arrangements he took time to deny the rumor of his retirement published broadcast not very long ago. "I do not intend to give up baseball. You can say for me that I will be right here with the Giants when the season opens next April."

LONDON SEES REAL BOXING WHEN FULTON GIVES COGHILL K. O.

Over in London they tossed one Coghill, an Australian heavyweight into the ring with Fred Fulton, the American boxer, who ranks second to Jack Dempsey. Fulton whaled him unmercifully for two rounds and in the third round elected to finish the job. One of the famous Fulton lefts

to the jaw dropped Coghill for the ten count. The referee could have counted indefinitely. Look at the picture. Was Coghill out? We'll say he was. Fulton went over to England to fight Joe Beckett, English champion. Beckett refuses to fight him, asserting that he will meet no man who

has been beaten by Jack Dempsey. Some wise bird, this Beckett person.

PLANNING FAST SOCCER TEAM

Five Games Are Already Scheduled at West End Park—Open with Salineville

Soccer football promoters in East Liverpool announce that the city will be represented by one of the classiest eleven for years this winter, if present plans are fulfilled.

An effort is now being made, it is said, to organize the old team which held sway here several years ago. There is some of the old talent and plenty of the new in the opinion of the organizers for an all star aggregation. The team has been disorganized

ed since the 1915-16 season when East Liverpool won the Youngstown League championship.

It is planned at present to open the season at West End park on Sunday, December 6, with Salineville, Salineville has a strong team, it is declared. The miners beat the Grands in September at Salineville, 4-2.

A first class schedule is being arranged for the winter season. The brought here, Moundsville, Wheeling, Tiltonville and East Pittsburg will be the first to play at West End park, five straight games being played before local fans.

A meeting of players and all others interested in the team will be held later in the week and will be called through this paper. All players especially are requested to attend this meeting as business of importance will be considered.

The club's roster at present includes the following players: Beech, Dimmock, Bain, Heath, Shaw, Foster, Plant, Davies, Mountford, H. Shaw, Ward, Kent, Harp, and Brown. Any players here or in immediate vicinity, including Midland wishing to try out with the East Liverpool eleven are requested to communicate with J. Shaw, manager, 621 Riey avenue East Liverpool.

SOCCER MEETING

A special meeting of the prospective candidates for the East Liverpool soccer team and fans will be held in the council chamber at city hall Thursday evening, Nov. 19. Officials of the team for the coming season, including captain and manager, will be chosen. All interested are especially invited to attend. The meeting will be called at 7:30 o'clock.

SPORTING GOSSIP

Football depsters are sure to end in the padded cell this season if they attempt to figure out the champion football team of the universe. The dope-killer has stirred up an awful mess. On the surface it seems there is no champion. Harvard and Stevens have not been defeated but they haven't played anybody worth giving them the first place laurels. Colgate and Dartmouth topped the pile for a while but the skids were soon put under both schools. They may find it strange to land in the cellar but they will not be lonesome as there will be plenty of illustrious company including Yale, Princeton, Syracuse, Washington and Jefferson, Pittsburgh, Penn. Army, Navy, Brown, Cornell, West Virginia, Lehigh, Lafayette and scores of little fellows.

Here's but one strand of the tangled yarn: Colgate beat Brown, Brown beat Dartmouth, Dartmouth beat Penn State, Penn State beat Pennsylvania, Pennsylvania beat Pittsburgh, Pittsburgh beat W. & J. and W. & J. beat Syracuse, Syracuse beat Colgate. If Harvard had a few hard games the Crimson could undoubtedly claim the championship. But their schedule is loaded with easy marks.

If Harvard beats Yale next Saturday a proposal has been made that Princeton and Harvard play off the tie for the big three championship on the Polo grounds at New York. Major James Barnes, vice chairman of Princeton's fourteen million dollar endowment drive, suggests the game as a means of raising money for the endowment funds of both institutions.

The Sebring Tigers, "the undefeated football team," added another immense victory, it is declared, by beating the Washingtonville team, 12-0. "The Tigers have not been scored on this season and that is going some," says the Tiger press correspondent. This game occurred Sunday. "Substitutes were scored on by the Alliance A. C. this season but we don't consider this a game," says the aforementioned T. P. C.

Here it is from the Alliance Review (Sebring Correspondent):

Sebring Tigers, the undefeated football team, added another victory to their long string Sunday afternoon, when they defeated the Washingtonville team by a score of 12 to 0 in a well played game on a poor field. The field was heavy, but that did not take the pep out of the players. It was a nice, clean spirited game and was witnessed by a large crowd. The victory makes the ninth successive game in which a goose egg is hung at the other end of the score line, with two games a tie of 0-0. The Tigers have not been scored on this season and that is going some. The Tigers have scored 133 points to the opposing teams' 6 so far this season. In a practice game with the Alliance A. C. team only substitutes were used and these were scored upon in the play, but this was not considered a game.

Doctor Tells How to Detect Harmful Effects of Tobacco

Try These SIMPLE TESTS

New York: Doctor Connor, formerly of John Hopkins hospital, says many men who smoke, chew or snuff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been afflicted had it not been for the use of tobacco, and thousands would soon get well if they would only stop the use of tobacco. The chief habit forming principle of tobacco is nicotine, a deadly poison which, when absorbed by the system slowly affects the nerves, membranes, tissues and vital organs of the body. The harmful effect of tobacco varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis, blindness or even cancer or the common affliction known as tobacco heart. If you use tobacco in any form you can easily detect the harmful effects by making the following simple tests. Read along one full page from a book. If, in the course of reading your voice becomes muffled, hoarse and indistinct, and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of more serious

trouble. Next, in the morning before taking your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, your heart beat is forced, trembling or irregular, you may be a victim of functional or organic heart trouble. If you feel that you must smoke, chew or snuff to quiet your nerves, you are a slave to the tobacco habit, and are positively poisoning yourself with the deadly drug, nicotine. In either case you have just two alternatives—keep on with the self-poisoning process irrespective of the dangers and suffer the consequences, or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco, the craving will have left you. With the nicotine poison out of your system your general health will quickly improve.

Note: When asked about Nicotol tablets, one of the leading druggists said: "It is truly a wonderful remedy for the tobacco habit; away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol tablets are sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Chas. T. Larkin.

SEEK OPINION ON POLICY OF SHIPPING UNIT

Ask What Chamber of Commerce Would Do with Merchant Ships.

QUERIES ARE SENT OUT

Question Will Be Debated at Next Meeting of Directors.

The East Liverpool chamber of commerce has been requested to submit an opinion on the future policy of the government relative to the 2,000 or more merchant ships the shipping board now possesses or has under contract.

The Chamber of Commerce of the United States, with which the local organization is affiliated, sends out a query to each of its 1,236 member organizations on all the big subjects confronting the government. Each subsidiary organization like the matter up at regular meetings and forward a memorandum expressing the consensus of opinion of its membership. These returns gathered from all sections of the nation give the national law makers a fair estimate of the feeling of the commercial world on the proposal.

Method of disposal or operation of the country's merchant fleet will be considered at the next regular meeting of the board of directors of the chamber of commerce here. Here are the recommendations of the ocean transportation committee of the chamber of commerce:

(1)—That wooden vessels, and steel vessels under 6,000 tons deadweight, be sold on the best terms obtainable from American or foreign bidders.

(2)—That other government owned vessels be sold to regional associations for transfer at cost to private individuals and corporations of the several regions.

(3)—That the government absorb the difference between the war cost and the present value, as a war loss.

(4)—That there be freedom from regulation as to routes and rates.

(5)—That there be restriction for a period of years upon transfer to a foreign flag of steel vessels over 6,000 tons deadweight purchased from the government.

(6)—That preference be shown for American underwriters and that the underwriting market of the world be used for insurance, not covered by American underwriters, without intervention by government insurance.

(7)—That encouragement be given to an American classification society.

(8)—That congress be asked to make a general declaration of a policy to give aid toward the maintenance of a privately owned and operated American merchant marine.

(9)—That the operation of the competent American shipbuilding yards, on private account both as to yards and the vessels they construct, be continued.

433 School Children Have Defective Eyes

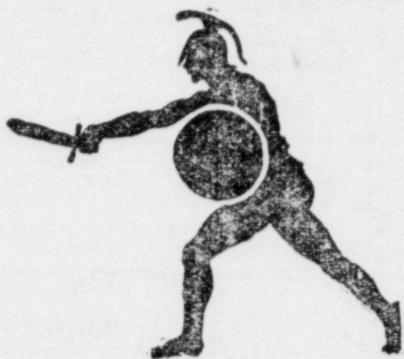

The last report from examinations made in several of the local schools shows a large number of children with defective vision.

The parents should have the eyes of the little ones corrected at once. Defective eyes have caused many dunce caps.

Allow me to examine and care for the eyes of your children and good results are assured.

Add A Step to Your Sword

A SPARTAN youth declared his sword too short to reach the enemy. "Add a step to your sword" said his mother.

Fire Insurance is a necessary protection, but it falls short of reimbursing you.

Fire Prevention adds a long step to it, giving you all the protection possible to secure.

The Hartford Fire Insurance Company perfected this service and gives it free to clients. Let us explain.
